

You Have Value

We, at St. Patrick Catholic Community understand you are a person who is worthy of love and a good life, simply because you exist.

Understanding this fully has not made day-to-day easier but helps get through the rough spots and will give hope to life.

You have value and worth and can walk proud and freely knowing that help is available to you and the future is whatever you choose it to be.

You are a work in progress and a person who can find happiness by just being you.

Peace and blessings be bestowed upon you as you find comfort in the mat.
