

Loving Father,
We give you this school day.

As we go about our schoolwork during a global pandemic,
Do not allow us to be filled with worry or anxiety, but instead

Give us peaceful minds so we are ready to learn.

Give us peaceful hearts so we can more easily see
the needs around us and be kind and helpful.

Give us excitement to learn new things and focus on our work.

Help us to do our best today, in our studies and in our friendships.

We pray for our teachers and all caring adults working at our school.

Be with them today as they teach us and keep us safe.

Fill them with patience and the ability to teach well.

Help us remember we have a role to play in making our school great.

We make this prayer through Christ our Lord,

Amen.
