

Dear Friends,

For 2000 years the Church has learned to adapt to the changes in the world. The Gospel of Jesus Christ is still proclaimed today, but how it is shared with the world changes often. Today the Church is learning to understand how people are reacting to the world around them and how best to serve the people wherever they may be.

Not everyone is ready to return to gathering, some are not comfortable with public worship and others are dealing with issues in daily life that finds public faith gathering not a priority for the moment. This is not the first time the Church has dealt with such challenges. The Holy Spirit will lead our parish and the Church to find new and effective ways to meet and serve people in the world.

St. Patrick looks to make a difference in the world and support everyone, for those who gather in community and those who have not returned to community for any length of time. We are reaching out through ministry in the greater community, serving with organizations that help people, and being there for people who come to us in need and for pastoral care.

We are grateful that a good number of parishioners are supporting our community financially which keeps our mission of serving others going. Even if not everyone is gathering, they still feel connected and are supporting the parish. We are grateful.

We also want to invite others to share their gifts with the community. Your gifts allow us to serve everyone, whether parishioner, Catholic or anyone in the Valley. As we have our annual Commitment Sunday, we ask for continued giving, new giving and for those who are able, to increase their giving. We would ask anywhere from 1-5% increase to offer a guide for those who are thinking about their giving.

The mission of this community did not stop with COVID, we simply found new ways to serve people. It is thanks to the continued Giving, Praying and Serving (GPS), that we continue to expand our outreach to all people. We are grateful for all those who support and serve God in this community.

Peace in Christ,

Fr. Eric Tellez, Pastor

BEYOND OUR DOORS...

We are one Catholic Community, and thanks to your stewardship, St. Patrick was able to offer \$25k in assistance to rebuild St. Joseph Parish after their church burned down and \$5k in assistance to St. Matthew Parish for their AC.

(July 1, 2020 - June 30, 2021)

Did you know? For us at St. Patrick Catholic Community, "Stewardship" is more than a word, it is a way of life. It is also one of the five pillars of our parish. Stewardship is lived through the action of Giving, the action of Praying, and the action of Serving. Together, we call these "GPS." Just as an electronic GPS helps people navigate a journey toward a destination, Stewardship GPS guides our community along the journey of knowing, loving and serving God more. Stewardship is rooted in gratitude. It is a way of living one's life, based in one's sense of radical gratitude to God, creator of all things. Out of the desire to demonstrate our thankfulness to God, we reach out in caring and love to share the gifts we have been given with others. **Thank you for your commitment to Stewardship GPS!**
